Addendum to the letter from MD NSDC to the SSDMs on SMART on-boarding dated 21 September 2017

Process for recommending Training Providers for Centre Accreditation and Affiliation for PMKVY State Engagement component (State Skill Development Missions)

It has been observed that some TPs recommended by SSDMs are already existing in the SMART system as a different entity. Thus a duplicity issue is arising while completing the registration process, for e.g. "PAN already exists". If a TP already exists in the SMART system, only a new TC creation is required. In such cases, please provide the existing TP IDs. Please note that the TP IDs created under any SSDM is valid across India. Also, if a TP wishes to run a CSSM scheme, in an already existing training centre (completing targets for any other scheme), please provide the existing TC ID and the job role that will be run under the CSSM component*.

Name of Training Provider	TP ID (if existing TP)	Name of Point of Contact	Email ID of point of contact	Proposed no. of TCs	TC ID (if existing TC)	Proposed districts of TCs	Proposed sectors of TCs	*Job role for CSSM component	Type of TC (**govt./ non-govt.)	Reason for Recommendation

***Government entity – A TP or TC is considered a government entity if the infrastructure and the core activity (training) is provided by government agencies/ institutes. For e.g., Govt. ITI*

Ajay Kumar Jindal
Head, Centre Accreditation and Affiliation
National Skill Development Corporation
